

RISK AREAS TO CONSIDER

1. EMPLOYEES:

Health and safety documentation, machinery safety, COSHH.

2. PUBLIC ACCESS:

Footpaths, permissive rights of way, public safety.

3. CONTRACTORS:

Maintenance staff, builders, delivery people.

Other services we provide our clients include:

- Fleet risk management
- Health and safety training for employees
- Noise surveys.

TEN KEY QUESTIONS FOR BUSINESS

- 1 Are you aware of all your legal Health and Safety responsibilities?
- 2 Does your business have an up to date Health and Safety policy?
- 3 Have you carried out all necessary risk assessments?
- 4 Does your business have a responsible person for day to day Health and Safety management?
- 5 Do you keep up to date with changes in Health and Safety law?
- 6 Do you have sufficient time and resource to manage your Health and Safety obligations?
- 7 Are you aware you could face a fine or imprisonment for failing to manage your Health and Safety?
- 8 Are you up to date with the Health and Safety Executive's new Fees for Intervention?
- 9 Have you ensured all of your employees/contractors have received adequate information and training about Health and Safety?
- 10 Are you confident that your business workspace is safe?

If you have answered no to any of the above we recommend a review of existing Health and Safety Systems with Risk Management Services.

HEALTH AND SAFETY PRODUCTS AND SERVICES FOR BUSINESSES

Tailored advice backed up with practical support – ensure you're fully protected

NFU Mutual
BUSINESS INSURANCE

NFU MUTUAL RISK MANAGEMENT SERVICES LIMITED

Risk Management Services Limited (RMS) is an independent risk management company, offering a health and safety consultancy service to help organisations identify, manage and minimise risk.

Founded in 1992, RMS boasts in excess of 5,000 clients.

We offer targeted, tailored advice backed up with practical support.

Our experts understand the specific risks and issues faced by organisations every day.

We don't believe in a one size fits all solution.

OUR PEOPLE

RMS's key strength is its people. We do not sub-contract our service or use Associate Consultants. All our Health and Safety Consultants are employed by NFU Mutual and are subject to on-going auditing and appraisal to ensure they maintain the highest standards of work.

Our local Consultants are Chartered Members of the Institution of Occupational Safety and Health (CMIOSH) and appear on the Occupational Safety and Health Consultants Register (OSHCR). In order to maintain their Chartered Status our Consultants participate in IOSH's Continued Professional Development Scheme.

OUR SUGGESTED PRODUCTS AND SERVICES

HEALTH AND SAFETY SUPPORT SERVICE LEVEL 1

Why do I need it?

To help and assist you to comply with legislation.

What does it include?

- A site visit to your premises
- A personalised audit report
- A prioritised action plan addressing the key issues identified
- Guidance Notes – a selection will be provided to help you manage specific Health and Safety requirements.

Who is it for?

Clients who have Health and Safety documentation/systems in place but would like a fresh pair of qualified eyes to audit and help monitor their arrangements.

HEALTH AND SAFETY SUPPORT SERVICE LEVEL 2

Why do I need it?

To comply with legislation.

What does it include?

- A Health and Safety Policy report
- An initial Site Risk Assessment
- An initial Control of Substances Hazardous to Health (COSHH) Assessment
- 'Working Safely With' documents – clear two-page briefing documents aimed at your workers.

Who is it for?

Businesses where no Health and Safety documentation is in place. Particularly where in house staff lack the time and/or knowledge of Health and Safety legislation.

HEALTH AND SAFETY SUPPORT SERVICE LEVEL 3

Why do I need it?

To assist with day to day Health and Safety issues in your organisation.

What does it include?

All of level 1 and 2 plus NFU Mutual provide competent person advice for Health and Safety, and increased customer contact for regular visits, attending meetings and training. This is a bespoke service.

Who is it for?

Businesses that want a robust and personalised level of Health and Safety support.

FLEXIBLE CONSULTANCY DAY

These days are particularly helpful for existing clients, allowing them to keep up to date with any changes in their business or Health and Safety legislation.

The main benefit of consultancy days is that they offer a flexible, bespoke service.

They can be used for example for updating paperwork, such as risk assessments, attending safety meetings or for in house staff safety training.

FIRE RISK ASSESSMENTS

Why do I need it?

To comply with Fire Safety legislation and to protect employees and visitors.

What does it include?

On site visit, report of findings and recommendations and documentation on existing precautions.

Who is it for?

Any businesses with employees, any commercial landlord.

TRAINING

Why do I need it?

To assist with day to day Health and Safety issues in your organisation.

What does it include?

IOSH qualifications provided by our experienced health and safety consultants.

First Aid – 1 day and 3 day courses are accredited by Quallsafe. Otherwise bespoke training can be provided to meet your personal needs.
