VISION

- Support your farmers, makers and creators – Support Local (Scotland)
- Grow awareness and drive sales of these delicious and diverse Scottish products - Putting Scottish produce firmly on the map
- We strive to get more local food on local plates
- The quality of food is higher
- Give visitors a more local / authentic taste and experience
- Be a sustainable food destination, reduce food miles
- Tell our local authentic stories and provide a real sense of place
- Enable our industry to thrive - Sustain local producers and support local economy and jobs
- Supports communities / environment and supply chain

To create an annual event to support our producers, our industry and our economy

INVITATION

If you source, or aspire to source, Scottish produce then this event is for you whether you are from Scotland, England or indeed Northern Ireland.

You could be a local, regional, or national buyer from a:

- multiple supermarket / retailer
- group foodservice business
- public procurement specialist
- regional wholesaler
- independent retailer
- caterer
- hospitality business / tourism provider
- street food vendor

Or you are simply looking for quality produce from businesses that can meet your local sourcing needs.

There has never been a more important time to source locally.
